PRODUCT INFORMATION

OVERVIEW

This RAM® EZ-Roll'r™ power cradle for the Samsung Tab Active Pro has been designed to meet the demands of a variety of applications including transportation, field sales, logistics, manufacturing, and much more. Power capabilities are provided to the device through GDS® pogo pins, and you can easily rotate the device for use in portrait mode. For security and theft deterrence, this powered cradle features a combination lock. Access to the stylus or device is docked. Included is a set of four nuts and bolts to connect the cradle to any RAM® components containing AMPS hole pattern. Also included is the USB Type-A female pigtail, GDS® USB 2.0 cable, cable clamp, and zip ties. GDS-CHARGE-V7BU hardwire charger or the RAM-GDS-CHARGE-USB2QCCIG cigarette vehicle charger for supplying
